

English

'Alba the 100 Year Old Fish' / 'Somebody Swallowed Stanley'

In English we will be writing a short narrative using time connectives, acting out a story using drama. We will be creating a poster about plastic pollution, drafting and write a persuasive letter.

Geography

United Kingdom

In Geography we will be learning to name and locate the countries of the UK and identify key features of the countries of the UK. We will also be exploring aerial views of our country.

Design Technology

Mechanisms

For our DT lessons we will be creating mechanisms and making a moving story book. We will be explaining how to adapt mechanisms, using bridges or guides to control the movement. We will be following a design to create moving models that use levers and sliders.

Religious Education

Judaism

This term we will focus on Judaism and explore forgiveness. We will be learning about Yom Kippur & Rosh Hashanah and discussing the importance of these festivals for Jews.

PSHE

Changing Me

In PSHE we will focus on changes, looking at life cycles and learning to recognise changes within bodies. We will look at transitions to Year 2 and how to cope with changes.

Science

Plants and Trees

In Science we will be learning all about amazing plants, flowers and trees. We will make predictions and create simple tests. We will continue to observe signs of seasons over time.

Year 1 Curriculum Summer 2

This half term
our topic is:
Plastic is not
Fantastic!

Support your child at home:

Why not explore floating and sinking with different objects around the home and record your findings?

Maths

Number / Time / Money

In Maths we will be comparing and ordering numbers to 100 and using the 100 square grid. We will be learning to partition numbers using Dienes. We will be learning about time, linking this to our daily routines and activities. We will explore money, both notes and coins.

French

Fruit and Vegetables

We will learn about different fruits and vegetables. We shall also learn how to express our likes and dislikes.

Music

Melody

In Music, we will continue working with tuned percussion instruments, with a focus on composition. Pupils will listen to, sing, and play simple tunes, and compose their own 8-beat melodies using minims and crotchets.

Enrichment

London Aquarium / Mini Aquarium Exhibitions

We will be visiting the London Aquarium (SeaLife) and also exhibiting our very own fantastic mini aquariums.

Computing

Databases

In Computing we will be exploring a dataset as virtual cards in Popplet. We will create a tree for identification of data and search the spreadsheet database to solve clues.

Physical Education

Movement

In our PE lessons we will learn to move at different speeds. We will develop throwing for distance and accuracy and understand the importance of daily exercise.
