

## English

### 'Song of the River' by Gill Lewis

We will be using the beautiful text *Song of the River* by Gill Lewis to inspire our writing. We will explore rich vocabulary to describe characters and settings from the story, write diary entries from different perspectives, and develop persuasive writing skills through letters and promotional texts.

## Science

### Light

During our topic on Light, we will investigate how we see things, how light reflects off surfaces, and how shadows are formed and change size. Through hands-on experiments, we will develop our scientific enquiry skills by asking questions, making predictions, observing closely, and recording patterns.

## Music

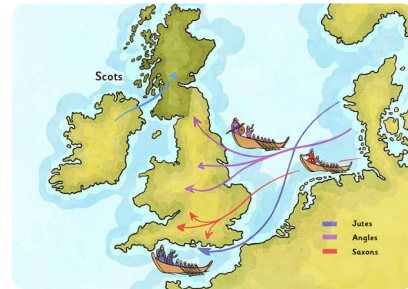

### Recorder Skills

In Music, we will continue developing our recorder playing skills. Pupils will learn an additional note, C, and will revisit and refine the pieces learned so far in preparation for an end of term concert.

## History

### The Anglo Saxons

In History we will be learning about life in Anglo-Saxon times. We will compare the Celts, Romans, and Anglo-Saxons, explore what life was like in their settlements, and discover the meanings behind Anglo-Saxon place names.

# Year 3 Curriculum Summer 2

This half term our topic is:  
**The Anglo Saxons**

### Support your child at home:

Why not create an informative poster or factfile about the Anglo Saxons?

## Enrichment

### Verulamium Museum

We shall be visiting the Verulamium Museum in St Albans to learn more about life in Roman Britain.

## Design Technology

### Sewing

In Design Technology, we will be learning how to sew using cross-stitch and appliqué. We will design, decorate, and assemble our own monster inspired cushions, and finally evaluate our finished products.

## Religious Education

### Pilgrimages

We will explore Jain, Hindu, Christian, and Muslim pilgrimages, including the Haj, and learn about the activities involved. We will also reflect on the experiences of pilgrims and what pilgrimage means to people of faith.

## PSHE

### Changing Me

We will be learning how our bodies and feelings change as we grow. We will explore how babies develop, understand the changes that happen inside and outside our bodies as we grow up, and learn how to manage our emotions.

## Maths

### Time / Shape

We will be learning to tell the time to the nearest five minutes and minute, read digital clocks, and understand concepts like am, pm, durations, and units of time. We will also explore the properties of shapes, including angles, recognising and drawing 2D and 3D shapes.

## French

### Wild Animals

In French we shall be learning about wild animals, their physical features, eating habits and their habitat.

## Physical Education

### Games

We will be developing our skills in dodgeball and tennis. In dodgeball, we will learn how to dodge, block, throw, and catch effectively. In tennis, we will focus on racket control, forehand and backhand strokes, rallying and playing cooperatively.

## Computing

### Online Surveys

In Computing, we will be learning how to plan and carry out a survey on a chosen topic. We will create an online survey using Google forms and then collect, analyse and present data.
