

English

'Wonder' by R.J. Palacio

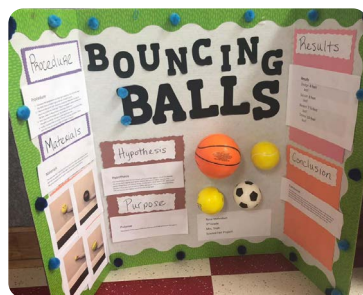

In English we will continue to explore this text focusing on how characters' gain confidence and apply this to our transition to a new school. We will our writing skills by continuing the story in the voice of the author.

Science

Science Projects

In Science we will investigate or complete a group or individual project in an area of interest. We will showcase our projects for others to see.

Music

Blues

In Music, we will continue exploring the Blues. Pupils will learn to play the 12-bar Blues chord sequence and use the Blues scale to improvise melodic phrases.

Geography

Asia

In Geography we will learn about Asia's human and physical features, land use and distribution, climate, natural resources and trade.

Design Technology

Cooking

In DT we shall explore recipes from across Asia and cook a healthy meal. We will work with Coombs (our caterers) to plan, prepare and cook components of a meal.

Religious Education

Zoroastrianism

What is the significance of good and evil in Zoroastrianism? How do the teachings of the Zoroastrian faith compare with the teachings of our own faith and with other religions?

PSHE

Changing Me

We will explore growing up, including self-image, body changes during puberty, and the emotional aspects of relationships. We will also learn about respect, consent, and staying safe online, as well as reflect on the transition to secondary school and the changes it brings.

Maths

Fibonacci Sequence / Maths in Art

In Maths we will explore the Fibonacci sequence and the Trachtenburg method. We will also explore themed projects and Maths in art.

French

Getting Around Town

In French we will learning about places in town, where buildings are and giving directions to get around.

Physical Education

Badminton / Athletics

We will learn the principles of net games in order to play badminton. In athletics we will tackle distance and time challenges that involve running, jumping and throwing.

Year 6 Curriculum Summer 2

This half term
our topic is:
Confidence

Support your child at home:

Discuss your own experiences of transition and changing schools to prepare your child for starting secondary school.

Enrichment

Year 6 Production / Enterprise / Hollywood Bowl

We shall be rehearsing to perform our Year 6 production! We shall develop our enterprise skills by selling items to fund our leavers' celebration and will also enjoy a visit to Hollywood Bowl!

Computing

We are Publishers

In Computing we will use online tools to contribute to a large collaborative project. We will learn to write and review content, source digital media responsibly. We shall also design and produce a high quality print document.
