

Indoor Physical Education Curriculum Overview

	Autumn 1	Autumn 2	Spring 1	Spring 2	Summer 1	Summer 2
Nursery		<p>Introduction to P.E Unit 1</p> <p>Pupils will be introduced to Physical Education and structured movement through the topic of 'fantasy and adventure'. They will spend time learning basic principles of a PE lesson such as finding space, freezing on command, using and sharing equipment and working individually, with a partner and group. They will take part in activities which will develop fundamental movement skills such as running, jumping, skipping.</p>	<p>Movement Unit 1</p> <p>Pupils will develop their expressive movement through the topic of 'everyday life'. Pupils explore space and how to use space safely. They explore travelling movements, shapes and balances. Pupils choose their own actions in response to a stimulus. They are given the opportunity to copy, repeat and remember actions. They are introduced to counting to help them keep in time with the music. They perform to others and begin to provide simple feedback.</p>	<p>Fundamentals Unit 1</p> <p>Pupils will develop their fundamental movement skills through the topic of 'all about me'. Fundamental skills will include balancing, running, changing direction, jumping, hopping and travelling. Pupils will develop gross motor skills through a range of activities. They will learn how to stay safe using space, follow rules and instructions and work independently and with a partner.</p>	<p>Gymnastics Unit 1</p> <p>Pupils will develop their basic gymnastic skills through the topic of 'animals and their habitats'. Pupils explore creating shapes, balances, and jumps and begin to develop rocking and rolling. They show an awareness of space and how to use it safely and perform basic skills on both floor and apparatus. They copy, create, remember and repeat short sequences. They begin to understand using levels and directions when traveling and balancing.</p>	<p>Games Unit 1</p> <p>Pupils will develop their understanding of playing games through the topic of 'transport'. Pupils will practise and further develop fundamental movement skills through games. They will also learn how to score and play by the rules, how to work with a partner and begin to understand what a team is, as well as learning how to behave when winning and losing.</p>

Reception			Movement Unit 2 Pupils will develop their expressive movement through the topic of 'places'. Pupils explore space and how to use space safely. They explore traveling actions, shapes and balances. Pupils choose their own actions in response to a stimulus. They also are given the opportunity to copy, repeat and remember actions. They continue to use counting to help them keep in time with the music. They explore dance through the world around them. They perform to others and begin to provide simple feedback.	Games Unit 1 Pupils will develop their understanding of playing games through the topic of 'transport'. Pupils will practise and further develop fundamental movement skills through games. They will also learn how to score and play by the rules, how to work with a partner and begin to understand what a team is, as well as learning how to behave when winning and losing.	Gymnastics Unit 2 Pupils will develop their basic gymnastic skills through the topic of 'traditional tales', to include 'Jack and the Beanstalk' and 'Goldilocks and the Three Bears'. Pupils explore basic movements, creating shapes and balances, jumps and rolls. They begin to develop an awareness of space and how to use it safely. They perform basic skills on both floor and apparatus. They copy, create, remember and repeat short sequences. They begin to understand using levels and directions when travelling and balancing.	Games Unit 2 Pupils will practise and further develop their fundamental movement skills through the topic of 'around the world'. Pupils will learn and develop these skills by playing a variety of games. They will also start to understand how to work as a team, take turns, keep the score, play against an opponent and play by the rules.
Year 1	Team Building Pupils develop their communication and problem solving skills. They work individually, in pairs and in small groups, learning to take turns, work collaboratively and lead each other. They are given the opportunity to discuss and plan their	Gymnastics In this unit pupils learn to use space safely and effectively. They explore and develop basic gymnastic actions on the floor and using low apparatus. Basic skills of jumping, rolling, balancing and travelling are used individually and in combination to create movement	Movement Pupils will explore travelling actions, movement skills and balancing. They will understand why it is important to count to music and use this in their dances. Pupils will copy and repeat actions linking them together to make short dance phrases. Pupils will work	Yoga Pupils learn about mindfulness and awareness. They begin to learn poses and techniques that will help them connect their mind and body. The unit looks to improve wellbeing by building strength, flexibility and balance. The learning includes postures,	Fitness pupils develop their understanding of the benefits of exercise and a healthy lifestyle on their physical body, their mood and their overall health. They will work independently, in pairs and small groups to complete challenges in which they will sometimes need to	Sending and Receiving Pupils will develop their sending and receiving skills including throwing and catching, rolling, kicking, tracking and stopping a ball. Pupils will be given opportunities to work with a range of different sized balls. They will apply their skills individually, in pairs and

	ideas to get the most successful outcome.	phrases. Pupils are given opportunities to select their own actions to build short sequences and develop their confidence in performing. Pupils begin to understand the use of levels, directions and shapes when travelling and balancing.	individually and with a partner to create ideas in relation to the theme. Pupils will be given the opportunity to perform and also to provide feedback, beginning to use dance terminology to do so.	breathing and meditation taught through fun and engaging activities.	persevere to achieve their personal best.	in small groups and begin to organise and self-manage their own activities. They will understand the importance of abiding by the rules to keep themselves and others safe.
Year 2	Team Building Pupils develop their communication and problem-solving skills. They work individually, in pairs and in small groups. Throughout, there is an emphasis on teamwork. They learn to discuss, plan and reflect on ideas and strategies. They lead a partner whilst considering safety. Pupils have the opportunity to show honesty and fair play.	Gymnastics Pupils learn explore and develop basic gymnastic actions on the floor and using apparatus. They develop gymnastic skills of jumping, rolling, balancing and travelling individually and in combination to create short sequences and movement phrases. Pupils develop an awareness of compositional devices when creating sequences to include the use of shapes, levels and directions. They learn to work safely with and around others and whilst using apparatus. Pupils are given opportunities to provide feedback to others and recognise elements of high-quality performance.	Movement Pupils will explore space and how their body can move to express and idea, mood, character or feeling. They will expand their knowledge of travelling actions and use them in relation to a stimulus. They will build on their understanding of dynamics and expression. They will use counts of 8 consistently to keep in time with the music and a partner. Pupils will also explore pathways, levels, shapes, directions, speeds and timing. They will be given the opportunity to work independently and with others to perform and provide feedback beginning to use key terminology.	Yoga Pupils learn about mindfulness and body awareness. They begin to learn yoga poses and techniques that will help them to connect their mind and body. The unit builds strength, flexibility and balance. The learning includes breathing and meditation taught through fun and engaging activities. Pupils will work independently and with others, sharing ideas and creating their own poses in response to a theme.	Net and Wall Pupils will develop the basic skills involved in net and wall games. They will develop their understanding of the principles of net and wall games such as using the ready position to defend their space and sending the ball away from an opponent to maximise their chances of scoring. They will learn to play games honestly, abiding by the rules and showing respect towards their opponents and teammates.	Fitness Pupils will take part in a range of fitness activities to develop components of fitness. Pupils will begin to explore and develop agility, balance, co-ordination, speed and stamina. Pupils will be given the opportunity to work independently and with others. Pupils will develop perseverance and show determination to work for longer periods of time.

Year 3	OAA Pupils to develop problem solving skills through a range of challenges. Pupils work independently, as a pair and in a small group to plan, explore, solve, reflect and improve on strategies. Pupils learn what makes a good team and explore key skills such as inclusion and trust. Pupils begin to learn to orientate a map, identify key symbols and draw and follow routes.	Gymnastics Pupils focus on improving the quality of their gymnastic movements. They are introduced to the terms 'extension' and 'body tension.' They develop the basic skills of rolling, jumping and balancing and use them individually and in combination. Pupils develop their sequence work, collaborating with others to use matching and contrasting actions and shapes and develop linking sequences smoothly with actions that flow. Pupils develop their confidence to perform, considering the quality and control of their actions.	Movement Pupils create dances in relation to an idea including historical and scientific stimuli. Pupils work individually, with a partner and in small groups, sharing their ideas. Pupils develop their use of counting and rhythm. Pupils learn to use canon, unison, formation and levels in their dances. They will be given the opportunity to perform to others and provide feedback using key terminology.	Yoga Pupils learn about mindfulness and body awareness. They learn yoga poses and techniques that will help them to connect their mind and body. The unit looks to improve wellbeing by building strength, flexibility and balance. The learning includes breathing and meditation taught through fun and engaging activities. Pupils will work independently and with others to create their own yoga flows.	Dodgeball Pupils will improve on key skills used in dodgeball such as throwing, dodging and catching. The learn how to apply simple tactics to the game to outwit their opponent. In dodgeball, pupils achieve this by hitting opponents with a ball whilst avoiding being hit. Pupils are given opportunities to play games independently and are taught the importance of being honest whilst playing to the rules. Pupils are given opportunities to evaluate and improve on their own and others performances.	Handball Pupils to persevere when learning key skills such as throwing, catching, dribbling, shooting and principles of defending and attacking. Pupils will use their attacking skills to maintain possession in game situations. They will play small-sided, uneven and even games. The pupils will understand the importance of playing fairly and following the rules. They will be encouraged to think about how to apply the skills learned in game like situations to improve and to get into a scoring opportunity, as well as how to best defend as a team. They will also evaluate their own and others' performances.
Year 4	OAA Pupils develop problem solving skills through a range of challenges. Pupils work independently, as a pair and in a small group to plan, explore, solve, reflect and improve on	Gymnastics Pupils create more complex sequences. They learn a wider range of travelling actions including the use of pathways. They develop more advanced actions such as inverted	Movement Pupils focus on creating characters and narrative through movement and gesture. They gain inspiration from a range of stimuli, working individually, in pairs and small groups. In dance	Fitness Pupils will take part in a range of fitness challenges testing and record their scores. They will learn about different components of fitness; speed, stamina, strength, coordination,	Swimming Pupils will be introduced to specific swimming strokes on their front and on their back. They will learn how to travel, float and submerge with increasing confidence. They will learn and use	Swimming

	<p>strategies. Pupils develop communication skills, taking on the role of a leader and working within a team. Pupils will also develop navigation skills including orientating a map, identifying key symbols and drawing and following a route.</p>	<p>movements and explore ways to include apparatus. They work independently and in collaboration with a partner to create and develop sequences. Pupils are given opportunities to receive and provide feedback in order to make improvements on their performances. In gymnastics as a whole, pupils develop performance skills considering the quality and control of their actions.</p>	<p>as a whole, pupils think about how to use movement to explore and communicate ideas and issues, and their own feelings and thoughts. Pupils will develop confidence in performing and will be given the opportunity to provide feedback and utilise feedback to improve their own work.</p>	<p>balance and agility. Pupils will be given opportunities to work at their maximum and improve their fitness levels. They will need to persevere when tired or when they find a challenge hard. Pupils are asked to recognise areas for improvement and suggest activities that they could do to do this. Pupils will be encouraged to work safely and with control.</p>	<p>different kicking and arm actions. Pupils will be given opportunities to observe others and provide feedback. They will also be introduced to some personal survival skills and how to stay safe around water.</p>	
Year 5	<p>OAA</p> <p>Pupils develop a skill set that is transferrable to OAA (outdoor adventurous activities). Pupils work individually, collaboratively in pairs and groups to solve problems and are encouraged to be inclusive of others, share ideas to create strategies and plans to produce the best solution to a challenge. Pupils are also given the opportunity to lead groups and utilise negotiation skills. Pupils develop map reading skills including the use</p>	<p>Gymnastics</p> <p>Pupils create longer sequences individually, with a partner and a small group. They learn a wider range of actions such as inverted movements to include cartwheels and handstands. They explore partner relationships such as canon and synchronisation and matching and mirroring. Pupils are given opportunities to receive and provide feedback in order to make improvements on their performances. In</p>	<p>Movement</p> <p>Pupils learn different styles of dance, working individually, as a pair and in small groups. In dance as a whole, pupils think about how to use movement to explore and communicate ideas and issues, and their own feelings and thoughts. They develop an awareness of the historical and cultural origins of different dances. Pupils to create and perform their work. They will be asked to provide feedback using the correct dance terminology and will be</p>	<p>Yoga</p> <p>Pupils learn about mindfulness and body awareness. They learn yoga poses and techniques that will help them to connect their mind and body. The unit looks to improve wellbeing by building strength, flexibility and balance. The learning includes breathing and meditation taught through fun and engaging activities. Pupils will be given the opportunity to work collaboratively with others and be given the opportunity to create</p>	<p>Dodgeball</p> <p>Pupils will improve on key skills used in dodgeball such as throwing, dodging and catching. They also learn how to select and apply tactics to the game to outwit their opponent. In dodgeball, pupils achieve this by hitting opponents with a ball whilst avoiding being hit. Pupils are given opportunities to play games independently and are taught the importance of being honest whilst playing to the rules. Pupils learn officiating skills when</p>	<p>Fitness</p> <p>Pupils will take part in a range of activities that explore and develop their strength, stamina, speed, co-ordination, balance, and agility. They will learn how each component of fitness will help them in other games. They will be given opportunities to assess their progress using the skills and knowledge acquired.</p>

	of cardinal points, scale and direction to create, plan and follow routes around a course.	Gymnastics as a whole, pupils develop performance skills considering the quality and control of their actions.	able to use this feedback to improve their work. Pupils will work safely with each other and show respect towards others.	their own flows and lead others.	refereeing games and are given opportunities to evaluate and suggest improvements to their own and others' performances.	
Year 6	OAA Pupils develop teamwork skills through completion of a number of challenges. Pupils work individually, collaboratively in pairs and groups to solve problems. They are encouraged to be inclusive of others, share ideas to create strategies and plans to produce the best solution to a challenge. Pupils are also given the opportunity to lead a small group. Pupils learn to orientate and navigate using a map.	Gymnastics Pupils use knowledge of compositional principles e.g. how to use variations in level, direction and pathway, how to combine and link actions, how to relate to a partner and apparatus, when developing sequences. They build trust when working collaboratively in larger groups, using formations to improve the aesthetics of their performances. Pupils given opportunities to receive and provide feedback in order to make improvements. In Gymnastics as a whole, pupils develop performance skills considering the quality and control of their actions.	Movement Pupils will focus on developing an idea or theme into dance choreography. They will work in pairs and groups using different choreographing tools to create dances e.g. formations, timing, dynamics. Pupils will have opportunities to choreograph, perform and provide feedback on dance. Pupils think about how to use movement to convey ideas, emotions, feelings and characters. Pupils will show an awareness of keeping others safe and will have the opportunity to lead others through short warm ups.	Badminton Pupils develop their understanding of the principles of net and wall games. In all games, activities, pupils have to think about how the use skills, strategies and tactics to outwit the opposition. In badminton, they do this by placing an object away from the opponent to make it difficult for them to return. Pupils are given the opportunities to work in collaboration with others., play fairly demonstrating an understanding of the rules, as well as being respectful of the people they play with and against.	Fitness Pupils will take part in a range of fitness challenges to test and record their scores. They will learn different components of fitness including speed, stamina, strength, coordination, balance and agility. Pupils will be given opportunities to work at their maximum and improve their fitness levels. They will need to persevere when they get tired or when they find a challenge hard and are encouraged to support others to do the same. Pupils are asked to recognise areas in which they make the most improvement using the scores they have collected.	Movement part 2 /Swimming Pupils will focus on developing an idea or theme into dance choreography. They will work in pairs and groups using different choreographing tools to create dances e.g. formations, timing, dynamics. Pupils will have opportunities to choreograph, perform and provide feedback on dance. Pupils think about how to use movement to convey ideas, emotions, feelings and characters. Pupils will show an awareness of keeping others safe and will have the opportunity to lead others through short warm ups. Swimming top up lessons for children who have not reached the national curriculum levels.
