there will be so many children in a small space, where does the headcount take place? The Headteacher informed that the headcount takes place at the fire assembly point, the headcount is just the initial check, registers are taken once they arrive, usually within 2-3 minutes. Are fire marshalls trained on how to use a fire extinguisher? All fire marshalls are trained to use fire extinguishers. The School has 20 fire marshalls, training lasts 3 years and then needs to be refreshed. Training usually takes place yearly, there is a session booked in September. Are fire marshalls separate to class teachers? Yes. Agreed: This policy was ratified by Governors. 4iv. 7. Standards and Achievements update		
This continue of the constitute of the KC Chair of the Chair de de Q		
This portion of the meeting was tabled by KS, Chair of the Standards & Achievements committee.		
It was observed that the meeting of 18 th June 2020 was fully attended by		
all members of the committee and minutes of the previous meeting		
were approved. It was noted that the Safeguarding Policy, Accessibility		
Policy and Online Safety Policy were ratified. There were discussions		
surrounding hiring local facilities to allow more children to access		
education and providing 1:1 tuition for children.		
8. Finance & Resources update		
This portion of the meeting was tabled by PT, Chair of the Finance &		
Resources committee.		
Governors were informed that there was good attendance to the		
meeting with one apology. The Charging & Remissions Policy was		
presented, this Policy was ratified following a discussion about wording		
and how school trips are paid for. PT notified Governors that the Chart		
of Accounts (Main and Private accounts) were presented by the finance manager, the committee were happy with the School's financial		
position. There was uncertainty surrounding the cleaning contract with		
the LA, the School had wished to change contractors however Covid19		
lockdown took place before this could be implemented. The LA offered		
to extend cleaning contracts in the interim period.		
The committee were scheduled to check the SFVS however it was		
reviewed instead and will be completed by the finance manager, ready		
for discussion at subsequent meetings. A ParentPay refund decision needed to be minuted, due to parents being		
owed refunds for cancelled school trips. There was a £0 nett however as		
money was moving out of the school account, this should be recorded.		
The meeting progressed to item 10.		
9. Headteachers report		
JD advised the highest number of pupils in school since the last report		
has been 217. It is usually ~200 daily. Children seem very happy; staff are		

delighted to have them back in. Vulnerable children are thriving on the close support they have been receiving. Parents are pleased with the online learning.

JD imparted that Governors had previously requested an independent quality assurance of the Risk Assessment. This has taken place via the School's health and safety advisor, Carsten & Robinson. The assessor visited the School on 1st July 2020 and was happy with the Risk Assessment. A few minor things were pointed out such as some fabric left on a table, a teddy bear which should have been in a cupboard with the rest of the soft toys, PE bags hanging in the corridor which should be stored in classrooms. Phase Leaders were notified of these for immediate action.

The School's Risk Assessment was described as being robust in design and implementation.

JD advised there have been a handful of complaints from parents regarding the school closure date being brought forward to 10^{th} July however parents were happy with the explanation of the reasons behind the decision. There have been 2 complaints from parents in the same class however these may be tied in with other staffing issues which have been brought to the attention of the Governors. There has also been an email of complaint from a 'ghost' account, although the School are unable to locate the parent/child information on the School's database. JD advised that transition days have been planned over $13^{th}-17^{th}$ July 2020.

The following new staff have been appointed, including an internal SENDCo appointment.

- Year 2: Tia Goldsmith
- Year 3: Dalia Aghabra
- Year 3: Orielle Levy
- Year 4: Ben Phillips
- SENDCo: Debbie Qudsiyeh

JD imparted that teaching staff have been moved into new year groups to help aid professional development and growth. There are some who will be moving up with their current class.

The dates for INSET days 20/21 were highlighted:

- Wednesday 4th September 2020
- Monday 4th January 2021
- Monday 19th April 2021
- Friday 28th May 2021
- Friday 23rd July 2021

The expectation is that everyone will return in September. There isn't much time between now and the end of term. Have plans for return started and how are they progressing?

JD advised that September planning will take place during the summer holiday, Phil Pardoe (NEU) has been invited to help in this process.

The Governing Body will not meet before then. Can it be arranged for the independent assessor to scrutinise the Risk Assessment?

Yes, this can be arranged.

How will the school day look in September with regards to staggered		
timings? Will breakfast and after school clubs be running?		
JD is planning for school to be open as usual with normal school hours		
and it is expected that clubs shall resume as usual, depending on what		
guidance states at the time. Breakfast and after school clubs are		
expected to be functioning for parents who are working and are reliant		
on the wrap around care.		
JD advised guidance encourages schools to have fully functioning online		
learning in case pupils cannot attend. The School shall continue to work		
with Oak Academy, the governments online learning portal.		
What about parents who do not send their children back due to anxiety		
etc.?		
The government has advised that pupils who do not return are to be		
marked as Absent and that penalties shall be applied. JD would not like		
parents to be penalised for valid reasons. If it happens that many		
children do not return, there may be an option of online learning,		
however parents will be reassured about cleaning practices, sanitising,		
handwashing etc. and will be encouraged to send their children back to		
school. It was highlighted that some parents may need coaxing to help		
them feel at ease, and a gradual, phased return could be an option for		
some.		
A Governor indicated that another School has managed to gain the		
confidence of parents by taking a walk around video tour of the school		
and the new measures which have been put in place. This has been		
placed on the school website and has worked extremely well to alleviate		
fears.		
Action: Consider the option of a walk around video tour of the new	JD	ASAP

A Governor advised it may be beneficial to also inform parents that a		
cleaner has been appointed to work during the day to sanitise high		
frequency areas.

MS joined the meeting at 3.21pm		
Are all clubs due to return?		
Yes		
Will these clubs be risk assessed?		
Yes, risk assessments will take place before they come in.		
How will music lessons operate?		
JD advised that the plan is for normal lessons to resume via Harrow		
Music Service, however online lessons may be offered if normal lessons		
cannot resume, the current online offering has worked very well.		
The Music Director will be making contact with parents to ask if they are		
happy for children to be in a room together.

10. Proposed meeting dates for Academic Year 20/21		

	T .	
The dates for the meetings of the FGB and committees were agreed		
Is there a possibility of face to face GB meetings? Face to face meetings are expected in September, however this again depends on government guidance at the time. If virtual meetings are necessary, then these will resume at the usual allocated timeslot of 6.30 – 8.30pm so all Governors are able to attend without any impact on work commitments.		
11. Agreed minutes on staff noticeboard		
The Chair confirmed there had been interest regarding the minutes being available on the website, although regulations are that minutes are only to be made available on request. Can the minutes go on the intranet rather than the staff noticeboard? Some TA's and SMSA's don't access the intranet very often which is why they would be useful to have on the noticeboard. The Chair clarified that Part 2 minutes are not available for review and are not considered to be in the public domain.

The Headteacher imparted that it is good practice for the minutes to be made available to staff so they have a sense of involvement with the Governing Body. The Chair assured Governors that the minutes should be made available on the website to show transparency. Agreed: It was agreed that minutes are to be made available on the

personally identifiable information.		
12. AOB		
2 AOB items had been passed to Governors and agreed by the Chair prior to the meeting.		
12i. Cleaning contract and SLA The Headteacher informed Governors that the preferred contractor is IFS. Both contractors (IFS and Evergreen) have great reviews however IFS seems better able to manage a school of this size.		
There may be TUPE implications. Will current cleaners be TUPE'd to the new company?		
Yes, this will take place with help from the LA.		
There is 1 x supervisor and 6 cleaners listed, does this include the hired		
cleaner which has been proposed?		
No, this doesn't include the hired cleaner proposed.		
The Headteacher informed Governors that the proposed employed		
cleaner will cost £15.25 per hour which is a G2 scale, equivalent to		
~£15,000 per year. This cleaner will be cleaning all offices and high		
frequency areas including children's toilets during the day.		
Are you confident that the companies presented are able to take on the		
task? It shouldn't necessarily be the cheapest option which is		
considered.	i	

JD and the finance manager have sought references and personally	
called school caretakers and SBMs for references for each of the	
suppliers. A like for like comparison has been completed for each	
contractor's offering.	
What is the length of the contract?	
All of them are 3 years, IFS has a 60-day notice period, Evergreen has a	
6-month notice period.	
JD imparted the third contractor, Tempco, have been used in the past	
but were not considered this time due to being unhappy with them	
previously.	
Agreed: Governors unanimously agreed that the cleaner should be	
employed.	
Agreed: It was agreed that the School could appoint their preferred	
cleaning contractor, IFS, for 3 years beginning 1 st September 2020.	
12ii. Music system procurement	
JD advised the preferred choice is MCL, the School has used them before	
and were happy with the service they received.	
When will implementation take place?	
During the summer holidays, this is a purchase rather than hire.	
Agreed: The purchase of the music via supplier: MCL was agreed.	
The meeting moved to Agenda item 9.	
An additional AOB was brought to the Governors.	
JD asked Governors if they would agree a ~£300 expenditure from the	
Private account to provide a staff lunch on the INSET day, Tuesday 21 st	
July 2020.	
NS imparted that the Headteacher has delegated responsibility for the	
Private account.	
Agreed: It was agreed that the staff lunch expenditure can be paid for	
via the Private account.
